PROFILE

Aspiring **Frontend Developer** with expertise in **HTML, CSS, JavaScript, and React.js**. Experienced in creating responsive, interactive UIs using **Tailwind CSS** and **Bootstrap**. Also familiar with **backend technologies** like **Spring Boot and MySQL**, enabling smooth integration of APIs. Seeking a **frontend internship** to apply and grow my skills in building engaging web applications

EDUCATION

BACHELOR OFSCIENCE IN MATHEMATICS   **2023 – PRESENT**
CSJM UNIVERSITY   **KANPUR**
- Relevant Coursework: Calculus, Algebra, and Differential Equations

HIGHER SECONDARY EDUCATION   **2022 – 2023**
BRILLIANT ACADEMY INTER COLLEGE   **UNNAO**
- Relevant Coursework: Mathematics and Science, which fostered strong analytical and problem-solving skills.

SKILLS

- **Frontend Technology**   :   **HTML5, CSS3, JavaScript (ES6+),**
- **Libraries, Framework and Tools** :   **Bootstrap, Tailwind CSS, React js, Redux, Git/GitHub**
- **Backend technology (Basic)**   :   **java, Spring Boot, Hibernate, RESTful APIs, MySQL**

PROJECTS

EARNEST AND FEAST – Interior Design website (UI Project)

- Designed and developed a **modern, responsive website** focused on **interior design**.
- Built clean and visually appealing **UI** using **React.js and Tailwind CSS**.
- Implemented **interactive layouts** with **focus** on **usability** and **user experience**.
- Deployed live on **Netlify**: **earnestandfeast.netlify.app**

LAXMI – E-commerce Website (Full–Stack Project)

- Developed a **backend system** for an e-commerce platform using **Spring Boot & MySQL**.
- Integrated user **authentication and role-based authorization** using **Spring Security**.
- Developed **features** for **product search, filtering, sorting, and secure checkout**.
- Built an **admin dashboard** for efficient inventory and **user management using MySQL**.
- Enabled **cart and checkout functionalities** with **secure payment gateway** integration(**RAZORPAY).**
- Deployed live on **Netlify : laxmishop.netlify.app**

CERTIFICATION

FULL-STACK JAVA TRAINING PROGRAM : Completed an intensive web development training, gaining hands-on experience with HTML, CSS, JavaScript, React.js, Java, Spring Boot, Hibernate, RESTful APIs, and developed and tested multiple web applications.

AI TOOLS AND CHATGPT WORKSHOP : Leveraged AI tools like Perplexity, Gemini, and OpenAI to streamline coding, data analysis, and presentation tasks, boosting development efficiency and productivity.
